Pesticide prepn of mixed nimbin and Responsar

Application Number	02134812	Application Date	2002.10.09
Publication Number	1402994	Publication Date	2003.03.19
Priority Information			
International Classification	A01N43/90		
Applicant(s) Name	South-China Agricultural Univ.		
Address			
Inventor(s) Name	Xu Hanhong		
Patent Agency Code	44102	Patent Agent	wu hongda
Abstract			

The present invention relates to the compounding method of pesticide, and is especially the compounding of pesticide with nimbin and Responsar as main material. In the mixed pesticide, the active component of nimbin and the synergistic effect of Responsar replenish each other to overcome the resistance of pests, raise the application effect and expand the application range.
